The Endurance Melamine Collection: These bowls and platters are manufactured from nearly indestructible melamine for long-lasting reliability in everyday performance. Not recommended for microwave use.

This 20-7/8" L x 12-1/2" W walnut melamine serving board will add a rustic note to your tabletops and buffet lines. It has the upscale and attractive appearance of wood thanks to its wavy organic edges and wood-grain finish, but it is actually made from durable melamine. Its ample surface space gives you plenty of room to serve fresh loaves of bread or display hors d'oeuvres. Pair this piece with our colorful stainless steel hammered buffetware for an elegant overall look.
