These three-tier, open-frame displays may be the most valuable you'll ever own. The receding, arched ladder style allows you to beautifully stack, space and stagger offerings in a way that's accessible for buffet guests. Though clean, simple, open and airy, the structure is also super sturdy. Chrome-plated rails hold serving pieces securely in place. And once the party's over, they sanitize and collapse in a snap—making these displays a great portable choice for off-site catering. In three fantastic sizes. (Serving pieces are sold separately.)

Though this three-tier, chrome-plated 21" L x 15-1/4" W x 12-3/4" H display is portable and quickly collapsible, we predict you'll never put it away. The clean, simple, arched design allows you to display buffet items in a staggered fashion that's easy for guests to access and space-saving on your table. The sturdy ladder style with structured framework will hold many styles of serving pieces securely in place, then fold easily. A great size and option for caterers who work in many locations. Serving pieces sold separately.
