Add a sanitary layer between your serving tray and pizza with these grease-resistant pizza papers! Available in three classic styles, these square sheets are highly versatile for all your wrapping and lining needs. They help reduce the amount of food residue your serving trays, pans, and baskets come in contact with, maintaining their longevity and expediting the clean up process. You can also use them to line your to-go pizza boxes, and even fry and breadstick containers. Our pizza paper is FDA-approved for maximum food safety. Each pack conveniently includes 1,000 pre-cut 16" (40.6 cm) sheets.

This 1,000 pack of 16" square pizza paper is a highly versatile product to have on hand at your food establishment. FDA-approved and food safe, these grease-resistant sheets can be used to line pizza pans and boxes, or contour fry baskets, wraps, sandwiches, hot dogs, and burgers. They are ideal for both to-go and in-house dining, as well as concession stands, deli counters, cafes, and bakeries. The classic bright white color is attractive and easily matches any casual or high-end venue. Because these papers are pre-cut, they allow for quick and convenient use, as well as cost-saving consistency.
