11" DIA., 19 GA. AL. PAN

List Price: \$7.80 EA

Pack: 12/72

Cu. Ft.: 1.30

Weight: 29 lbs

Our most popular pizza serving pans have gotten a makeover. Now available to serve up today's most popular trends, these Square Wide-Rim Pizza Pans expertly serve up anything from Sicilian to Detroit-Styles pizzas. Made of durable 18-gauge aluminum, these pans can also double as modern serving trays in dining halls and quick serve restaurants. Handwash only.

With an outside diameter of 11" and inside diameter of 9", this round wide-rim pan is a staple for baking and serving thin crust pizzas. Constructed of 18 gauge, 1 mm standard-weight aluminum, this pan transfers heat more quickly and evenly compared to heavy-weight aluminum pans. The smooth, flat bottom functions as both a baking pan and a serving platter, reducing the amount of dishes you need to wash. The wide rim keeps your pizza in place, ensuring that it does not slide when transferring in and out of the oven or when transporting to your patrons. This pan's high-quality, durable aluminum is rust, corrosion, and warping resistant, so it will remain intact for years on end. Best of all, it easily stacks for space-saving storage. Use this pan at your pizzeria, restaurant, diner, bakery, or hotel kitchen. Made in the US. Hand wash only using aluminum-safe detergent.
