These ceramic trays add a touch of old-world charm to pizza presentation! Unlike standard serving platters, these durable trays are heat-resistant for safe handling. This means your staff can confidently serve blazing hot pizza fresh out of the oven! Even more conveniently, these trays are oven safe up to 300 degrees. Use them to reheat pizza and other hot foods without dirtying additional pans. Aside from being highly functional, these bright white plates look clean and attractive in any space. Available in four sizes to fit most standard pizzas.

With a diameter of 12", this ceramic pizza tray is a must have for serving round pizzas of any style. Designed with functionality top of mind, this tray is constructed of durable, heat-resistant ceramic. Not only is it safe for both staff and patrons to handle no matter the temperature of the pizza, but it is also oven safe up to 300 degrees for convenient reheating. The tray's bright white color elevates any venue and will add a touch of old-world charm to your pizza presentation. It looks perfect paired with one of our display stands! Use this dishwasher-safe tray at your pizzeria, restaurant, buffet, or hotel.
