List Price: \$63.40 EA

Pack: 6

Cu. Ft.: 0.59

Weight: 9 lbs

American Metalcraft has a pizza knife for everyone. Featuring a long, sharp stainless steel blade, our knives can cut through the diameter of an entire pizza in one go. We have designed them with efficiency and versatility at the forefront, so they are also perfectly crafted for chopping up your pizza toppings. That means there's no need to dirty additional chopping tools! All our pizza knives are suitable for commercial use and will remain sharp and rust-free even with daily use and washing.

Serve perfectly sliced pizzas quickly and efficiently with this full-tang pizza knife. Unlike traditional pizza wheel cutters, this knife has an 18" long blade that can cut through the entire diameter of your pizza in one go. The durable double POM handles offer better control, so you can safely and confidently cut through even the thickest of pizzas with an up-and-down motion. Designed for reliable long-term use, this knife can withstand the wear and tear of commercial kitchens. The stainless steel blade is resistant to rust and easy to clean. Plus, it won't lose its sharpness even with daily use. Best of all, this knife includes a convenient hanging hole for easy storage. Use this dishwasher-safe pizza knife at your pizzeria, restaurant, diner, bakery, or hotel kitchen.
