Oven mitts are a thing of the past thanks to our handy pan grippers! Available in a variety of styles, these grippers securely clamp onto the edges of hot pans and protect your hands from burns. Whether you are working with flat, shallow, deep, wide rim, or coupe style pizza pans, we've got a gripper for you. Designed with user satisfaction as our top priority, all of our grippers are highly durable and made of top quality materials.

Retrieve your pizza pans out of the oven safely and efficiently with this cast aluminum pan gripper! Measuring at a length of 8-1/8", this gripper securely clamps onto the edge of hot pans and protects your hands from burns. It is specially designed with reinforced bottom curves that provide a stronger grip, so you can transfer pizzas comfortably and confidently. It also has a springloaded feature for easy, fuss-free pan release. This gripper works best with 1"-2" deep pans, such as deep dish, wide rim, or coupe style pizza pans. Its durable cast aluminum construction can withstand the everyday wear and tear of commercial kitchens, so you will be able to rely on it for years on end. Use this pan gripper at your pizzeria, restaurant, bakery, or hotel kitchen. Hand wash only using aluminum-safe detergent. Designed for use with our DEP, 3800, 4000, 5000, 5100, 8000 and 9000 Series pans.
