Our utility tongs are dependable, versatile tools designed for everyday use in the kitchen. With a durable stainless steel construction and a comfortable grip, they provide effortless control for serving, grilling, or plating. From prep stations to buffets, these professional-grade tongs ensure lasting performance and clean presentation every time.

These 7" L stainless steel utility tongs are useful for everything from grabbing ice to fruit to salad to pasta. They're attractive, durable, and efficient: exactly what you need to get every job done. Pair them with more of our stainless steel accessories, on the bar, in the kitchen or on the buffet line, for a shining overall look!
