Dish up all sorts of yummy goodness with our collection of thumb dishers! Featuring stainless steel bowls and full-loop release bars, these dishers are a must-have tool for scooping ice cream and cookie dough like a professional. Each disher has a color-coded handle and printed scoop number, making size identification quick and easy. Your scoops will always be perfectly portioned and consistent, so you can maximize profits and minimize food waste! Made for commercial use, these dishers are highly durable and designed of NSF-approved materials.

Dish up all kinds of delicious foods with this ivory #10-size thumb disher! With an 8-5/8" overall length and 2-5/8" bowl diameter, this disher is perfect for scooping and portioning ice cream, cookie dough, mashed potatoes, rice, raw burger meat, and other soft foods. Its 3.2 oz. bowl capacity produces 4 hamburger patties per pound and 10 scoops of ice cream per quart. In addition to the disher's #10 size being visibly printed on the stainless steel finger guard and bowl sweep, the ivory poly handle allows for easy identification in a color-coded system. Best of all, this disher has a full-loop release bar that ensures all product is released from the bowl. You will have consistent scoops every time, minimizing food waste and maximizing profits. Plus, not only is this disher durable enough for long-term commercial use, it is also made of NSF-approved materials that are highly safe and sanitary. Use this versatile thumb disher at your ice cream shop, restaurant, bakery, or hotel kitchen. Dishwasher safe for easy handling.
