Measuring 4-1/4" DIA. X 1-1/4" H, this handy egg slicer will take your salad and sandwich presentation from 0 to 100. Designed for commercial kitchens, this unit is constructed of die-cast aluminum and durable wire. It has an open-close hinge design and convenient handle for quick and easy use. Simply place your egg on the base, and press down to create perfectly fine slices. The base's holder can cradle the egg both horizontally and vertically, so you can make round or oval slices depending on your preference! Use this egg slicer at your restaurant, salad bar, sandwich shop, or hotel kitchen.
