Eco-friendly service is on the rise, and our Bamboo Collection is a great way to get in on it. Crafted from eco-friendly bamboo, the warm wood tone of these bowls is perfect for casual settings like breakfast buffets or catered hotel events. Also, their clever angled design allows for maximum visibility compared to straight-edged bowls. It's the stylish, eye-catching way to go green for your next event.

This eco-friendly 80 ounce bowl has a jumbo capacity that's perfect for serving items like salad or fresh fruit to large groups. Because of the unique angled design, both you and your customers will appreciate this piece's easy accessibility and visual appeal. Pair it with other pieces from our Bamboo Collection to create stylish consistency throughout your buffet presentation.
