These baskets are modish to the max with their gorgeous tapered design, bold color and eye-catching pattern. Flip the baskets and use as risers for architectural buffet tablescapes.

We love the versatility of this 9-1/2" square, architectural, dark birch basket. It's an aesthetic all on its own, but it's also great for fruit or bread. Or flip the basket upside down and use as a riser on the buffet line. Lightweight, easy to carry and simple to clean.
