# MPNS

PIZZA MAT, NON-SLIP, 22" SQ.

**List Price: \$22.80 EA**

Pack: 72

Cu. Ft.: 1.01

Weight: 33 lbs

Impress your customers with perfectly-sliced pizzas when you use this non-slip pizza cutting mat. Designed for commercial kitchens, this mat is made of durable polypropylene and marked in food-safe, FDA-approved ink. The marked template helps you cut either 4 or 8 symmetrical slices for 10"-20" pizzas, making it a great guide for new staff members in training. The non-slip bottom ensures that the mat stays secure on the counter, so your staff can feel safe when cutting. The mat also has a flexible construction, making it easier to transfer your sliced pizzas to a serving tray or delivery box. Measuring at a length/width of 22" and height of 1/8", this large square mat can be flipped over and used as a cutting board for your pizza toppings! Because of its high-quality construction, this cutting mat will prove reliable for years on end. Use it at your pizzeria, restaurant, bakery, or hotel kitchen.

- Polypropylene
- Clear
- Dishwasher Safe
- Non-Slip Design with Cutting Aids
