Eco-friendly service is on the rise, and our Bamboo Collection is a great way to get in on it. Crafted from eco-friendly bamboo, the warm wood tone of these bowls is perfect for casual settings like breakfast buffets or catered hotel events. Also, their clever angled design allows for maximum visibility compared to straight-edged bowls. It's the stylish, eye-catching way to go green for your next event.

Our 48 ounce angled bamboo bowl is an eco-friendly way to serve dinner rolls, vegetables or salads. Because of the unique angled design, you and your customers both will appreciate this piece's easy access and visual appeal.
