Get ready to make some great concoctions with this chemistry collection. Mixologists will have a blast with this collection that features capacities right on the glass. Available in a number of different sizes.

This glass chemistry flask measures 3-1/2" DIA. x 5-3/4" H and holds 8-1/2 ounces – an ideal capacity for both serving your cocktails and mixing them. It's a playful way to serve your margaritas and other cocktails as much as it is for creating them, thanks to the clearly marked capacities along the side. Pair it with more from the Chemistry Collection for a playful and charming look.
