Some classics just can't be topped, and our Black Rectangular Market Trays are proof. These versatile, durable melamine trays are must-haves in any deli, bakery or buffet. And because they resist chips and cracks, they'll be lasting additions to your toolbox of display equipment. It's a timeless style for a reason: These trays are the positively tempting way to present sliced meats and chilled foods.

Our 216 ounce black rectangular market tray has a sleek narrow profile that's ideal for tight spaces like deli cases. With raised edges and rounded corners, it contains spills and melting ice, and also ensures safe and easy handling. And because it's made of melamine, it's easy to clean and difficult to break. When it comes to culinary displays, you just can't beat the timeless melamine market tray. Not recommended for microwave use.
