Back of house organization should never be an afterthought, and this 27" L x 22-1/2" W x 18" H black stackable storage crate is a perfect, space-saving storage solution. Large enough to hold chafers, serving trays, dishes, backup cookware and a variety of small appliances, it's made of rigid polyethylene to protect stored items from impact. This means transporting chafers for catered events just got that much easier. The hinged lid snaps securely shut to prevent dust collection and when the crate isn't in use, it collapses for easy storage. Let order reign!
