Pack: 36

Cu. Ft.: 1.12

Weight: 38 lbs

Our short-height stainless steel ticket racks keep orders visible and organized while saving valuable wall space in busy kitchens. Built for durability and smooth handling, they help streamline service from prep to plating. Ideal for restaurants, cafes, bakeries, and more. These compact racks will deliver lasting performance with a clean, polished look.

With a length of 24" and height of 1-1/8", this stainless steel ticket rack will keep all your orders organized in one place! Unlike standard ticket racks, this rack features a short height that is perfect for almost any restaurant space. Simply mount it to a wall or rack, and watch as your kitchen's efficiency and productivity skyrockets. This sturdy rack is built with marbles in the groove that keep tickets in place, as well as plastic end caps with screws that hold the marbles in. Your staff and cooks can quickly reference the tickets while processing orders, without having to worry about any tickets falling or going missing. Because of this rack's durable stainless steel construction, it will prove reliable in your commercial kitchen for years on end. Plus, its sleek design is attractive enough for both back-of-house and front-of-house placement – especially at modern establishments! Use this space-saving ticket rack at your restaurant, diner, pizzeria, café, bakery, or hotel kitchen.
