These dough boxes and lid make proofing and storing pre-made dough as easy as pie! Once your dough is kneaded, simply pop it in one of the 3-1/8", 3-1/2", or 3" deep containers and cover it to lock in moisture. Your dough will rise to perfection! Repeat this process as many times as you'd like – these boxes securely stack, so you can prepare loads of pizza and bread dough in advance while still maintaining a tidy kitchen. Designed for industry use, these boxes feature a tough plastic construction that ensures long-lasting durability.

With a length of 26" and width of 18", this rectangular plastic cover fits our DRB18230 and DRB18235 Standard Dough Boxes. Not only does this lid keep moisture in your pizza or bread dough and create a proper proofing environment, it also provides protection from contaminants. Plus, you can use it as a stacking cover or pan separator to stack pre-made dough and pizzas until you are ready to bake them. Designed for commercial use, this cover features a tough ABS plastic construction that will last for years on end. It is dishwasher safe for easy handling. Use this dough box lid at your pizzeria, restaurant, bakery, or hotel kitchen. Made in the US.
