Dinnerware has a new standard. The Jane Collection, our “basic” dinnerware line, is anything but ordinary. Simple and versatile by design, these plates, bowls, cups and platters serve as ideal backdrops for all types of menu items. From low-key lunches to gastronomically-inspired dinners, the possibilities are practically endless. We chose to craft the Jane Collection from melamine for two reasons: First, it’s exceptionally resilient to the bumps, bangs and bounces that find their way into every kitchen. This dinnerware is in it for the long haul. Second, melamine is dishwasher-safe. No matter how you’re inspired to fill these blank canvases, cleaning and reusing them is a cinch.

Drink up with this 10 ounce stackable mug made out of the durable and lightweight Tritan. The unique design enables mugs to safely and sturdily stack for storage. The size is perfect for light servings of coffee or tea. Pair this mug with the matching saucer (sold separately) to complete your classic hot beverage service. The chic and simple look of the Jane Collection combines beautifully with dinnerware of other colors, patterns and materials to create an eye-catching setup for any occasion.
