Constructed with stain-free, durable materials, these shakers are built for industry and lifetime usage. They are perfectly sized to hold a variety of seasonings, sprinkles, herbs, spices, and cheeses – while still compact enough to take up minimal space in storage or on the table. The beehive exterior design allows for a secure grip, so you can say goodbye to time-consuming spills and wasted product. You also won’t have to worry about tacky labels or unknowingly running low on the shakers’ contents, as the transparency of the crystal clear glass allows for full product visibility. Even better, these beehive shakers embody a fun, vintage aesthetic that will add an un-bee-lievably classic flair to any space!

With a capacity of 12 ounces (355 mL), this glass shaker with stainless steel flap lid is the perfect sugar pourer for tea and coffee. Its vintage beehive exterior offers a classic touch to any tabletop, as well as better grip control. The crystal clear body allows your guests to easily identify the shaker’s contents and for staff to see the amount remaining. When it is time for a refill, simply unscrew the metal top. Measuring at a height of 5-3/8 inches and a diameter of 3 inches, it is the ideal size for storage or fitting into a carrying caddy. Use this shaker at your café, pizzeria, restaurant, diner, hotel, or catered event. Designed with convenience in mind, this jar is dishwasher safe for easy handling.
