We took the natural styling of our Reclaimed Wood Melamine Serving Boards and applied it to bowls, creating a great opportunity for cohesive presentation. Exterior of bowls is wood-textured to complement the unique faux-weathered interior.

This trendy, eye-catching melamine faux reclaimed wood 11" diameter serving bowl has a 97 ounce capacity, making it perfect for serving salads or appetizers for the whole table to share. Show off the wood-textured exterior and use the reclaimed wood design to help your creations stand out. The best part is that it comes without the headaches that accompany the staining, splintering, and cleaning of natural wood. Pair this piece with metal servingware for an on-trend chic presentation.
