**List Price: \$29.00 EA**

Pack: 12/72

Cu. Ft.: 1.66

Weight: 38 lbs

Our heavy-duty pizza servers are a kitchen staple! Featuring a heat-resistant polypropylene handle, these servers allow you to safely serve your customers blazing hot pizza fresh out of the oven.

Unlike traditional servers, these servers are designed with an extra-large stainless steel blade that can stand up to even your largest pizza slices. The same goes for savory cake and pie slices, too. For even more versatility, you can opt for the server with perforated blade that conveniently doubles as a cheese grater!

With a blade width of 4-3/4", height of 7", and overall length of 12-1/8", this heavy-duty server is able to stand up to your largest pizza slices! Featuring a smooth, sanitary stainless steel blade, this server allows you to safely pick up hot pizza slices without touching them. Its black polypropylene handle offers a secure and comfortable grip, while preventing heat from transferring to your hands.

Because of the triangular shape of the blade, this versatile server is also suitable for savory cakes and pies! Designed for commercial usage, it is durable and easy to clean. Use this extra-large server at your pizzeria, restaurant, bakery, diner, or hotel kitchen.

Dishwasher safe for easy handling.
