LONG PAN, 24" L X 4" W X 1-5/8" H

**List Price: \$78.00 EA**

Pack: 6/12

Cu. Ft.: 0.67

Weight: 13 lbs

Everyone deserves to enjoy your delicious pizza crust. That's why we've created these rectangular long pans! Available in 12", 16", and 24" lengths, these skinny pans allow you to create 3-6 equal 4"-wide cuts where each slice includes 2-3 sides of your tasty pizza crust. No crustless inside pieces here! These pans are a fun twist on standard Detroit-style pans, catering to settings where pizza is served by the slice. We recommend these long pans for business cafeterias and school dining halls. Manufactured of heavy-duty hard coat aluminum, these pans are reliable in commercial kitchens where efficient cooking, easy clean-up, and durability are of the essence.

With a length of 24", width of 4", and height of 1-5/8", this rectangular aluminum long pan offers a unique twist on the classic Detroit-style pan. Because of its skinny shape, this pan creates 6 equal 4"-wide cuts where each slice includes 2-3 sides of your decadent, crispy crust! It's a great option for school and college cafeterias where the focus is on cutting by the slice. To make things even better, this pan's 14 gauge, 1.5 mm thick, dark-colored hard coat anodized aluminum construction heats more quickly, evenly, and to a higher temperature compared to standard aluminum. The non-reactive oxide coating safely cooks acidic ingredients, so you can maintain the integrity of the taste and color of your pizza sauces. This pan's high-quality, durable aluminum is also resistant to corrosion and wear, so it will remain intact for years on end. Use this long pan at your pizzeria, restaurant, diner, or hotel kitchen. Hand wash only using aluminum-safe detergent.
