Cu. Ft.: 0.97

Weight: 29 lbs

The unsung heroes of the back-of-house and the showpieces of the buffet line—our cutting and carving boards are designed to perform wherever the action is. Built with foodservice in mind, they deliver the durability chefs demand and the style operators love to showcase. From everyday prep to elevated presentation, each board balances rugged function with refined design details.

A true workhorse, elevated with modern design. Crafted from edge-grain maple, this 24" L x 18" W x 1-1/2" H carving board pairs durability with refined style. A deep juice groove keeps liquids contained, while integrated side handles ensure effortless lifting and handling. Designed to shine under the BuffetBoost LumaLamp, it transforms into a polished carving station centerpiece—where performance meets the warm elegance of maple. Maple is a naturally light wood; dark colored foods may leave temporary marks that can be removed with regular cleaning and care.

- Maple Wood
- Brown
- Handwash Only
- Performance meets natural elegance
