Power your buffet without limits. The BuffetBoost Battery Collection delivers the freedom to go cordless, keeping every presentation effortless and adaptable. At its core is our high-performance lithium-ion battery, designed for compatibility across all BuffetBoost products. The collection expands with versatile charging and power accessories that simplify setup and mobility—from buildable charging trays to the flexible PowerPack. Wherever your culinary vision travels, BuffetBoost Battery keeps the energy flowing.

Transform your buffet setup with a heat lamp that adapts to any display, enhancing both presentation and performance. The BuffetBoost LumaLamp features a sleek black metal finish and a flexible serpentine arm, allowing you to direct heat exactly where it's needed. Versatile and efficient, it operates via the included AC adapter or the portable BuffetBoost Lithium-Ion Battery (sold separately) and can connect to the PowerPack for extended battery-powered run time. Each LumaLamp comes with two 70 W halogen bulbs, delivering fast, consistent heat and a warm glow that enhances the presentation of your culinary creations. Durable and design-forward, LumaLamp combines professional performance with elegant style for any buffet setting.
