When design, function, and elegance align, you get true synergy. These chafers shine alongside our BuffetBoost Collection, thanks to their flat-bottom construction that maximizes heat transfer and a hinged, tempered glass lid that keeps warmth in and lid clutter out. Add in premium stainless steel construction and timeless finishes, and you've got chafers that are as hardworking as they are elegant.

Elevate your buffet with texture and shine. The 6½ qt Hammered Mirrored Rectangular Synergy Chafer blends eye-catching shimmer, fingerprint-forgiving style with hardworking performance. Side handles and a hydraulic hinge make setup and service a breeze, while the tempered glass lid offers a window to your delicious offerings. Perfectly designed for our BuffetBoost Buffet Warmer or paired with the optional food pan (sold separately) for alternate heating methods.
