

How to Handle and Care for Your American Metalcraft Product

Acrylic Protective Shields

Preparation:

Prior to using your acrylic shield please peel back the safety covering on both sides. Your shield is now ready to be used.

Cleaning Instructions:

- Only use microfiber cloths or Kimwipes®.
- Clean with an acrylic spray or Novus® cleaner.
- DO NOT use paper towels or anything that contains wood pulp.
- DO NOT use anything abrasive or any type of cleaners that contain ammonia.
